

Wasabi Hot Cloud Storage Connectivity Options

Multiple Interconnect Methods Satisfy Diverse Requirements

Wasabi is fundamentally transforming cloud storage with the industry's most affordable and highest-performing storage solution. Wasabi hot cloud storage is extremely cost-effective, fast and reliable cloud object storage—for any purpose. Unlike legacy cloud storage services with confusing storage tiers and complex pricing schemes, Wasabi provides a single product—with predictable and straightforward pricing—that addresses nearly all cloud storage requirements.

Wasabi supports three distinct connectivity methods to satisfy diverse pricing and bandwidth requirements:

- **Wasabi Direct Connect** – a high-speed, private secure connection from your premises to Wasabi
- **AWS Direct Connect** – a high-speed, private secure connection from AWS to Wasabi
- **Public Internet** – a public network connection secured by SSL from your premises to Wasabi

Wasabi Direct Connect

Wasabi Direct Connect lets you establish a dedicated, high-speed connection from your data center or colocation site to Wasabi. This option is ideal for customers seeking direct, secure, and high-bandwidth connectivity with fixed monthly pricing. Wasabi Direct Connect is available in N x 1 Gb/s or N x 10 Gb/s. Wasabi charges a fixed monthly port rate based on provisioned bandwidth. No additional network ingress or egress fees are imposed.

AWS Direct Connect

Amazon Web Services Direct Connect lets you establish a dedicated, high-speed connection from AWS to Wasabi. This option is intended for Amazon Elastic Cloud Compute (EC2) customers seeking direct, high-bandwidth connectivity with fixed monthly pricing. AWS Direct Connect is available in

KEY FEATURES

- Multiple connectivity choices
- Straightforward pricing and ordering
- High-speed, dedicated connection option
- Amazon Direct Connect support

BENEFITS

- **Wasabi Direct Connect**
 - Dedicated high-speed connection from your data center to Wasabi
 - Unlimited data access (egress) via a simple fixed monthly port fee
- **AWS Direct Connect**
 - Dedicated high-speed connection from your AWS resources to Wasabi
 - Usage-based data access (egress) fees + fixed monthly port fees
- **Public Internet**
 - Shared high-speed connection over the public internet

N x 1 Gb/s or N x 10 Gb/s configurations. Standard AWS bandwidth-variable port rates and AWS egress charges apply. Wasabi imposes no additional network ingress or egress fees. The AWS Direct Connect option is also well suited for EC2 customers using Amazon S3 for primary storage and Wasabi for secondary storage.

Public Internet

You can connect to Wasabi directly over the public internet for ultimate simplicity. This option is perfect for trials or for customers with less stringent bandwidth demands. Wasabi provides robust security capabilities including comprehensive user authentication and authorization functionality to safeguard data access, and HTTPS to protect data in transit. Wasabi does not charge for data transferred in from (ingress) or out over (egress) the internet.

The table below summarizes the various Wasabi interconnect options.

Interconnect Options	Wasabi Direct Connect	AWS Direct Connect	Public Internet
Typical Use Case	<ul style="list-style-type: none"> Customer seeking high- speed, dedicated connectivity 	<ul style="list-style-type: none"> AWS EC2 customer AWS EC2/S3 customer using Wasabi for secondary storage AWS S3 customer migrating or replicating to Wasabi 	<ul style="list-style-type: none"> Trials Customers with less stringent bandwidth demands
Supported Speeds	<ul style="list-style-type: none"> N x 1 Gb/s N x 10 Gb/s 	<ul style="list-style-type: none"> N x 1 Gb/s N x 10 Gb/s 	<ul style="list-style-type: none"> N x 10 Gb/s
Pricing	<ul style="list-style-type: none"> Fixed monthly port fees No ingress fees No egress fees 	<ul style="list-style-type: none"> Standard AWS port-hour rates Standard AWS egress charges No Wasabi ingress or egress fees 	<ul style="list-style-type: none"> No port fees No ingress fees No egress fees

ABOUT WASABI

Wasabi is the hot cloud storage company delivering low-cost, fast, and reliable cloud storage. Wasabi is 80% cheaper and 6x faster than Amazon S3, with 100% data immutability protection and no data egress fees. Created by Carbonite co-founders and cloud storage pioneers David Friend and Jeff Flowers, Wasabi is on a mission to commoditize the storage industry. Wasabi is a privately held company based in Boston, MA.
