

OTAVA® Backup and Disaster Recovery Repository

Secure, compliant cloud backup, tailored to your needs.

OTAVA® Backup and Disaster Recovery Repository powered by Veeam Cloud Connect is reliable, affordable, scalable and nationwide. Otava's Repository is ideal for mid-market and enterprise users, and is HIPAA, HITECH, HITRUST, PCI, ISO 27001, and SOC 1, SOC 2, and SOC 3 Type 2 compliant. With OTAVA® Backup and Disaster Recovery Repository, businesses choose the backup and disaster recovery plan to fit their business model, and they can rest easy knowing their data is constantly protected.

What makes OTAVA® Backup & Recovery Repository different?

- High Speed, 1-Click Recovery
- 99.99% Uptime Track Record
- Fully Customizable Solutions
- 24x7x365 Support
- Significant Cost Savings
- Seamless Veeam Integration
- Optimized User Integration

What can you expect from OTAVA® Cloud Backup?

- **Hosted Disaster Recovery in the Cloud**
Deploy Veeam Cloud Connect Replication with no additional licensing or cost. Simply purchase the needed amount of OTAVA Replication resources (CPU, RAM, Storage) & host your secondary location in our cloud.
- **Full/Partial Site Recovery**
Full-Site failover to a remote DR site from anywhere at the click of a button. Partial-site failover to instantly switch over to selected VM replicas.
- **Transparent Networking**
Networking is automatically deployed & configured. It is managed via the Veeam Backup & Replication interface & tunneled inside the Cloud Gateway. Communication is preserved between running VMs regardless of physical location.
- **Managed Disaster Recovery**
Our cloud experts know how to best optimize the secure, effective transfer & restoration of your data- non-critical to mission-critical.

OTAVA® Repository Features and Benefits

- High-Speed Recovery for Max Productivity**
 Eliminate data loss with 1-click recovery in our 99.99% uptime cloud. <15 min RTO, <2min VM recovery.
- Secure Data Transfer**
 Private network, custom encryption capabilities for data in-transit and at rest, HIPAA, PCI and SOC compliant.
- 1-Click Failover**
 Partial and full-site failovers to remote DR sites and VM replicas with a simple click.
- Nationwide Networks**
 Data centers across the nation for streamlined backups and replications.
- Seamless Backup and DR**
 Smooth backup and disaster recovery processes that ensure complete protection.
- Affordable Pricing, Easily Control Costs**
 Why build a DR site? We offer top gear for less. It's cloud, so buy what you need and then scale.
- Modern DR Architecture**
 User-defined RPO and RTO, physical, cloud-to-cloud public, hybrid or private.
- Peace of Mind**
 With OTAVA, you can be sure that your data is protected. No ingress or egress bandwidth costs.

**Take your backups to the cloud.
